Strategic Objectives

Mibilla Mob

Mibilla is a Kriol word meaning 'all of us'. Connecting mobs across Australia, creating new paradigms and supporting each other our way.

Your mob, our mob, Mibilla Mob

Acknowledgment of Country

We acknowledge the Traditional Custodians and Elders of Country throughout Australia and recognise their continuing connection to land, sea and community.

Mission Statement

We are a First Nation founded and led, philanthropic charity that aims to change the economic paradigm by providing support to all facets of First Nation communities.

Vision

To create success in our way, in our communities, for our country.

Values

Prioritising incorporating Aboriginal people's unique skills, knowledge, cultures, languages, and identities into our support initiatives.

Understanding that to best support positive community growth support should be available for every aspect of a community.

To contribute to alleviating the economic and social disadvantage in Indigenous communities Australia wide including the advancement of education, economy, wellbeing and social welfare.

Strategic Objectives

Encourage economic growth in communities by promoting skills development, business development and employment.

Support the development of self-determination in Indigenous Communities.

Cultivate new economic methodologies and models that align with Indigenous communities values.

Create a philanthropic network amongst grant recipients which continues to provide support and further development.

Support Aboriginal owned and led services and initiatives.

Provide funding for organisations delivering projects that align with our mission in communities across Australia.

Provide funding suited to the individuals and communities in which they live.

Partner with our communities through networking & events to promote social engagement and connectivity within and across mobs.

Partner with other established, respected NFPs to provide assistance or extend on existing services and programs.

To find ways to breakdown complexities for grant seekers when applying for funding.

Provide support in a way that is community driven.

Identifying opportunities to provide other methods of support.
